

Florida East Coast Missionary Baptist Association, Inc. Covenant Partner Program

The Florida East Coast Missionary Baptist Association, Inc. is an Association of Baptist churches throughout the state of Florida, Bahamas, and The Virgin Islands. It is our Association's desire to see our churches maximize their potential and our coming together provides for us to make a greater impact upon the geographical areas wherein our member churches provide ministry. It is our aim to exponentially increase the individual effort of our churches to evangelize throughout Florida and the Virgin and Bahama Islands to bring the Good News of the Gospel of Jesus Christ. We work to provide Christian Education to those who have been converted along with those being converted to further equip Christians to strengthen others along with fortifying their individual faith. Through our mission efforts we minister to the needs of those that are less fortunate and in countries, cities and communities where life's struggles present challenges to living. We have adopted Florida Memorial University to aid in it's educational effort to provide a quality level institution of higher education. Our Association seeks to work along with the local pastors to strengthen the church and it's congregants through workshops, our Union meetings, Annual Session, Congress, Youth Summits, Deacon and Deaconesses workshops and Mission workshops.

We ask that you would become a Covenant Partner with us. When you enter into covenant with us you become a partner in our efforts. It is through your covenant dollars that enables our Association to reach our goals. In fact the goals of the Association becomes your goals. You will be able to say that you have impacted a life in Haiti, help strengthen a church to provide ministry in its community, as well to help Florida Memorial provide a quality college education to a youth. We can't do it alone. We need your help. Become a covenant partner today.
